

IDX NTS KIOSKS

**COIN CHANGERS, CREDIT CARD TO TOKEN DISPENSERS,
BILL TO BILL BREAKER, REVALUE STATIONS**

IDX has designed a series of kiosk enclosures to offer carwash operators a better customer experience and marketing options. The customer can interface with HMI Touch Screen and Voice Prompts for making desired selections.

Owner configurable settings allow for various values of packages including Token Bundles, Bonus Tokens, or Bonus Value on IDX NTS Wicket Loyalty cards. Most standard units come equipped with our IDX NTS Credit Card Combo Reader for EMV, MAG Strip, and Contactless Chip or Phone Pay.

Kiosks can be connected to the internet for cloud based storage, software updates, and notification of system errors. Multiple configurations available to meet varying carwash markets.
